**Description of Problem**

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

All units that are on this building 8 in all 7 of them needs replaced 6 four tons and 1 five ton unit (not working) are at a point that we have a brake down on a week to biweekly base. The units have compressors , leaks, motors, electrical, and heaters that fail. One of the units now is bad and cant be repaired. and all of the unit are not putting heat or cooling out to control the temps in the room and some time we have to move class in the library.

**Project Category:** HVAC

**Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school?** N
